"TURNER BLOCK, VICTORIA, B. C., July 9th, 1892.

"To the Reeve and Municipal Council of Delta, B. C.:

"GENTLEMEN,—In accordance with instructions received from your honourable body to make examinations, surveys, plans, reports, estimates and schedule of assessments for the construction of a dyke and trunk drainage ditch in Townships 3 and 4 of the Municipality of Delta, as petitioned for by Wm. McKee and others, we beg leave to report that we have made such examination, surveys, plans, reports, estimates and schedules of the sections, and we recommend that work be done as follows:—

"That an earth embankment of dimensions as stated in our plans and cross-sections, provided with all necessary outlets and projections, be constructed, beginning at the south-west corner of the south-west fractional quarter-section Section 29, Township 3, and shall thence, as shown on our general plan, extend easterly along the coast line to the west bank of the Big Slough near its mouth; thence northerly along the west bank of the said Big Slough to a point in the south-east quarter-section Section 2, Township 4; thence easterly across the said slough to the east bank of the said slough; thence along the east bank of the said slough southerly to the coast line; thence easterly along the said coast line to the centre of the section road between Sections 35 and 36, Township 3; thence northerly along the centre of the said section road to the junction of the said section road with the trunk road leading from Ladner's Landing; thence easterly along the southern ungraded part of the said trunk road to a point in the timber land in the north-east quarter Section 1, Township 4; also that a trunk drainage ditch of form and dimensions as stated in our detailed estimate, provided with the necessary outlet, be constructed, beginning at the north-west corner post, south-west quarter Section 32, Township 3; and shall thence, as shown on our general plan, extend eastward to the south-east corner post of the north-east quarter Section 34, Township 3; thence northerly to a point midway between said post and the north-east corner post of the said Section; thence easterly to Big Slough.

"These works will benefit lands in each of the Townships named.

"We estimate the costs of the works to be \$28,812.00, as shown in our detailed estimate. This sum we assess, as in the accompanying schedule, against the lands benefited.

"We recommend that the maintenance of the dyke and the trunk drainage ditch be at the expense of the lands assessed for the works herein reported on, the said lands paying in the same relative proportions as for the said work.

"We have the honour to be, gentlemen, your obedient servants,

"KEEFER & SMITH,
